CRIME VAULT: ADVANCE SOLUTION FOR PERSONS DEPRIVED OF LIBERTY RECORD SYSTEM

Note: Before using Crime Vault, make sure your computer/ laptop download XAMPP.

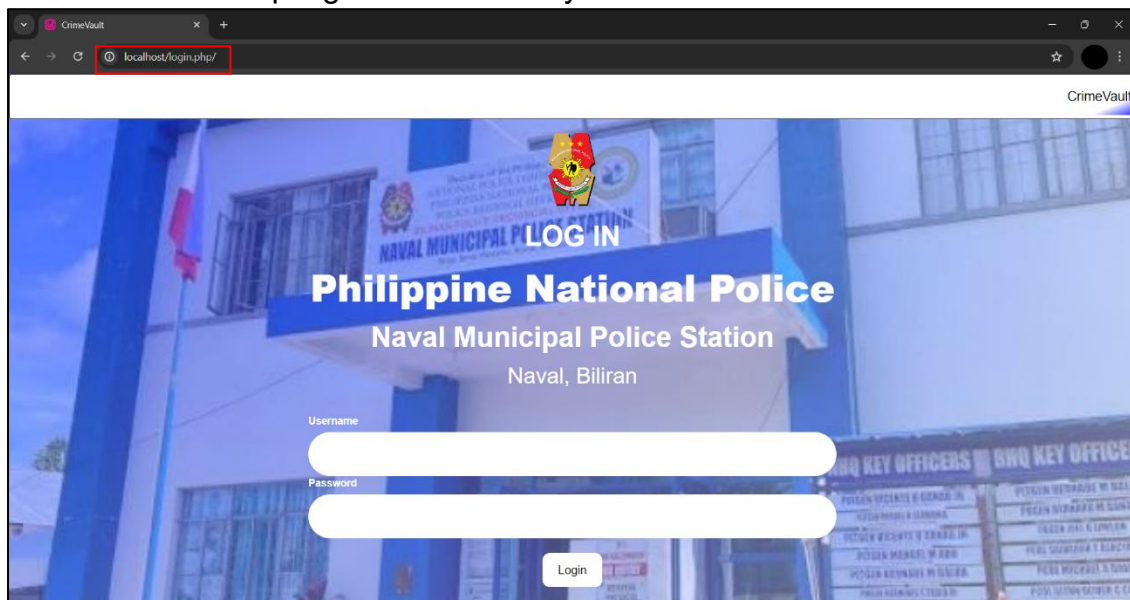

Navigating Crime Vault

STEP 1: Open your XAMPP.

Click start for both Apache and MySQL

STEP 2: Open your browser and go to <http://localhost/login.php/> , then input the username and password and click login button. There's a given credentials to verify that the user attempting to access the system is authorized.

STEP 3: After logging in, click PDL Information

STEP 4: After clicking the PDL Information button, the figure below will appear. It includes “Add New”, “Sort”, and “Search”. There’s also the “Edit” and “Download” button.

The screenshot shows the 'PDL Information' page with a table of case data. The table has columns for Case Number, Image, Name, Charge, Date of Arrest, Location of Arrest, Court Date, Disposition, Criminal History, and Action. The Action column contains 'Edit' and 'Download' buttons for each row. The table is filtered by 'Add New' and 'Sort' buttons, and a search bar is visible.
